Safeguarding and Child Protection Policy

Available on our website here

FunTech fully recognises its responsibilities for safeguarding children. Our policy applies to all staff working with us.

The aims of this policy are:

- > To support the children's development in ways that will foster security, confidence and independence.
- > To provide an environment where children feel safe, secure, valued and respected. Should they face any difficulties of any matter, a member of staff shall be willing to listen and help.
- > To provide an environment where children with learning challenges are catered for, and all their requirements are met to enable them to have a successful and enjoyable learning experience. Such requirements may include Dyslexia, Dyspraxia, ADHD, Asperger's, Autism and medical conditions (this list is not exhaustive).
- > Keeping children safe includes preventing them from Extremism & Radicalisation.
- > To raise awareness of all staff (either teaching or nonteaching) of the need to safeguard children and their responsibility in identifying and reporting possible cases of abuse
- > To monitor children that may be at the risk of harm and provide the best environment to accommodate their requirements.
- > Provide good levels of communication between all members of staff, parents and children.
- > Ensure all staff working at FunTech can identify, support and handle a case of Female Gentile Mutilation (FGM) whether it has happened in the past, recently or is likely to take place. All cases of FGM are illegal and need to be reported to the police.
- > Not only include protection from adults but peer on peer abuse (amongst students) where a child may be at risk. Staff are trained to identify and act on this abuse.
- > To protect children from gangs of criminal origin which may expose a child to drugs, alcohol, sexual exploitation, modern slavery and missing persons.
- > Where a child has arrived at FunTech and there may be signs that they are under the influence of alcohol, drugs or may have been smoking this will be reported.

> Ensure all staff at FunTech are suitable to carry out the job in question. Our procedures include; identification verification, Enhanced DBS checks, staff training and appropriate First Aid.

Procedures and Responsibilities

Procedures will follow those that have been set out by the Local Safeguarding Children Board (LSCB).

- > Ensure there is a **Designated Senior Member of Staff**.
- > Ensure there is a **Deputy Member of Staff** in the absence of the **Designated Senior Member of Staff**.
- > Ensure there are Nominated Members of Staff in the absence of the Designated Senior Member of Staff and Deputy Member of Staff.
- > Ensure that all members of staff are aware of the relevant nominated members of staff. Although nominated staff are in place, anybody within the organisation can make a referral in an emergency.
- > Ensure that duty of care towards students and staff is carried out by raising awareness of illegal, unsafe and unwise behaviour.

When staff join FunTech they will be required to read through this policy and have a chance to ask any questions as part of their training with FunTech.

The training will include information on how to notice signs and symptoms of abuse, how to manage a disclosure from a child, whom to inform, identifying and preventing extremism and radicalisation and finally how to record any evidence and plans of action.

As safeguarding children also involves identifying signs of interest into extremism and radicalisation. Staff are also required to undertake training on preventing extremism and radicalisation and how to deal with it appropriately.

Where required, staff are also expected to report these concerns to governing bodies who will act immediately where necessary.

Safeguarding procedures are reviewed annually.

Reviewed and applicable from May 2023.

Managing a disclosure

Teachers and non-teaching staff in schools are in a unique position to observe children's behaviour. In most cases, staff members build a relationship with children and will play the part to listen and comfort the children during trying times. FunTech staff will listen carefully to a child's disclosure and will ask questions of the following nature:

- > How did that happen?
- > Was there anything else happening at that time?
- > Have you spoken to someone else about this?

Under no circumstances will staff demand or forcefully pressurise a child. All answers are documented and reported to the appropriate body.

Supporting children

We recognise that a child who has been abused, or witnesses' violence may feel helpless, humiliated, may blame themselves and find it difficult to develop and maintain a sense of selfworth. FunTech may provide some form of stability in the children's lives where they want to reveal personal matters.

Allegations against Staff

We understand that a pupil may make an allegation against a member of staff. If such an allegation is made, the Designated or Deputy Member of Staff will proceed with the following measures.

- > REMOVE & REPLACE: A replacement member who is adequately trained will step in until further notice.
- > CONTACT LADO/MASH: We will follow their instructions (please see relevant details below)
- > CONTACT OFSTED: 0300 123 1231 and follow up in writing to enquiries@ofsted.gov.uk
- > INFORM PARENT: Parents will be contacted and informed about any incidents involving their child/children unless a governing body have advised against this.

Supporting staff

We understand that observing child abuse may prove to be rather stressful or upsetting for a staff member. As a duty of care to our staff, FunTech will offer the opportunity for staff to talk through their anxieties and provide any support required to ensure they can comfortably work with children.

Confidentiality

We recognise that cases dealt with any child are treated with respect and as a private matter.

Other issues

With relation to the safety of children, FunTech also treats the following as urgent matters: bullying, racism, and any other form of abuse.

Health and Safety

This policy has been documented separately and can be found on the Internal FunTech Noticeboard or as per request.

Record keeping

Any member of staff receiving a disclosure of abuse from a child or young person, or noticing signs or symptoms of possible abuse will make a notification to the Designated Senior Member of Staff, Deputy Member of Staff and/or Nominated Member of Staff.

This incident will be documented together with the plan of action and/or outcomes with dealing with relevant bodies such as the Local Authorities or Police.

Complaints or Concerns expressed by Pupils, Parents or Staff

We recognise that listening to children is an important and essential part of safeguarding them against abuse and neglect. To this end, any expression of dissatisfaction or disquiet concerning an individual child will be listened to and acted upon to safeguard his/her welfare.

We will also seek to ensure that the child or adult who makes a complaint is informed not only about the action FunTech will take but also the length of time that will be required to resolve the complaint. FunTech will also endeavour to keep the child or adult regularly informed as to the progress of his/her complaint.

Our complaints policy has been documented separately and can be found on our website or as per request.

Safeguarding Concerns & What to Do

- 1. Speak to the child and see if they will disclose their concerns
- 2. Speak to a designated member of staff of your concerns
- 3. Write this down or email a member with: date/time, what was said to you, what you have said. Keep it factual and unbiased.
- 4. In the unlikely event, no one is around to support and you feel that the child may be in danger, call local authorities within your local area.
